Kiley Elizabeth Leff

Curly Hair, Positive Attitude

My name is Kiley and I am 21 years old. To be totally honest I'm not positive what prompts I'm supposed to be saying so I'm just gonna go on about me for a little bit. I hope that's okay, reader. I live in the East Village with 5 roommates. How New York of me! My favorite thing about New York is that there is always somewhere to go or someone to talk to.

I'm originally from Evanston which is a city right on the outskirts of Chicago, IL. I really miss home but coming to New York three years ago has paid off. Not literally. Figuratively. Literally it has not paid off at all because it is so expensive here. I dont know how anyone does it!

When I'm not in school I am working on my app Outro. Outro is an ios app that is developed by Raizlabs in Boston. Outro was an idea I had when my friends and I wanted to be able to find different bars and clubs in New York City that were fun and safe. This was after a bunch of my girlfriends and I had had sketchy things happen to us in bars. Outro is the first app of its kind but it takes a lot of work. When I'm not in class Im usually on a call with my lawyers, sitting around a table of potential investors, or flying to and from our developers offices in Boston.

Now, I'm learning how to code.

I don't know much about code. I took a class when I was in high school at Northwestern University and barely passed. My proffessor was not pleased that for my final I made a website that when you typed in your name and your crushes name it told you your perfect babies name. I thought it was genuise. Maybe that is what Khloe Kardashian was using when she decided to name her baby True.
